SUBCONTRACT AGREEMENT

This agreement is made on 1st day of January, 2015

By and Between:

- **China Major Bridge Engineering Co., Ltd. P.R. of China**, whose local representative office is at House 454, Lane-8, New DOHS, Baridhara, Dhaka-1229, Bangladesh of the one party (hereinafter called "**MBEC4**" or "**Contractor**").

And

- **TURN**, whose registered office is located at 10/ka, Pisciculture Housing Society Ring Road, Shaymoli, Dhaka-1207, Bangladesh of the other party (hereinafter called "**TURN**" or "**Subcontractor**").

MBEC4 and **TURN** being hereinafter together called the "**Parties**" and any one of them being called "**Party**"

WHEREAS:

MBEC has been awarded the works of Construction of Padma Bridge Multipurpose Bridge Project – Main Bridge (ICB No: PMB/MB/01) and signed Contract Agreement with the employer represented by Project Director of Bangladesh Bridge Authority under the Ministry of Communication, Government of the People's Republic of Bangladesh.

For smoothly mobilization and execution of the aforesaid construction works, MBEC is desirous to have a local subcontractor capable of execution of the temporary site construction works at Contractor's Construction Yard designated by the Contractor (hereinafter called "the Subcontract Works") and has accepted the Subcontractor's offer for the execution and completion of the Subcontract Works and remedying any defects therein.

১০ ০০০০০০০

NOW THEREFORE in consideration of mutual requirements and desires set forth above and on the basis of mutual understanding, the parties hereby agree as follows:

Article 1 – Period of the Works

- 1.1 Twelve months (in words) 365 (in figure) days from the date that contractor informs the subcontractor to start his works.
- 1.2 In case, the performance of Subcontractor do not meet the requirements of MBEC4's general work program, MBEC keep the right to reduce TURN's work quantities without any compensation.

Article 2 Contract Price

- 2.1 The subcontract price sheet including the unit price of each item for temporary site construction attached behind as an appendix. The unit price should be included the Income Tax & VAT and the other relevant cost (manpower, materials, equipment, electricity and temporary structure, fuels, waste and all kinds of others cost etc), which will be paid by Subcontractor if necessary. Contractor will only pay the Subcontractor as per contract price, and the Subcontractor will pay himself TAX&VAT.
- 2.2 The payment shall be calculated according to actual quantities of works. The unit price shall be the price confirmed by both parties when they sign this agreement and shall not change notwithstanding.
- 2.3 The Subcontract sum shall not be affected by any escalation made by local price index variation from time to time as it is based on the fixed price from the effective date of the Subcontract.

Article 3 Responsibilities and duties of both parties

3.1 Responsibilities and duties of contractor

- 3.1.1 The Contractor shall provide the Subcontractor with land prior to commencement of the Subcontract Works.
- 3.1.2 The Contractor shall examine the technical data such as the construction drawings and shall provide the subcontractor with one copy of the complete set of technical

কও ৩৩১৭১০৮

construction data (including design document, construction drawing and technical specification) before the commencement of the subcontract works.

3.1.3 The contractor shall issue Work Order before the Subcontractor starts the Subcontract works.

3.2 Responsibilities and duties of Subcontractor

3.2.1 The subcontractor shall mobilize at site and start work before 1st January 2015, otherwise Contractor has the authority to change the Subcontractor.

3.2.2 The Subcontractor shall execute the subcontract works according to the responsibilities and duties specified by the contractor.

3.2.3 The subcontractor shall make plans for design of the construction organization or construction plans and submit them to contractor for approval.

3.2.4 The subcontractor shall make the plans for the overall progress and plans for the equipment and materials to enter the site.

3.2.5 During the execution of the subcontract works, the subcontractor shall submit to contractor the construction program seven days before the end of each month.

3.2.6 The subcontractor shall complete the subcontract works and hand over the subcontract works to the contractor as the period and quality and quantity required by the contractor. Upon the completion of the subcontract works, the subcontractor shall take care of the subcontract works and remove his equipment and clear the site. If the subcontractor has not completed the work in reasonable period which is decided by the parties after discussion, the contractor will deduct the liquidated damage TK 5000 per day from the payment

3.2.7 The subcontractor shall provide technical data for the acceptance upon completion and inform the contractor to accept and he shall participate in acceptance, settle accounts for the acceptance. If the subcontract works fail to pass the acceptance test, the subcontractor shall remedy the defects therein or reconstruct the subcontract works within the period specified by the contractor.

3.2.8 The quality guarantee period for this contract is three (3) months. Any problems concerning the quality of the subcontract works arising due to the subcontractor, he shall remedy the defects without any charge from the contractor.

3.2.9 The subcontractor shall indemnify the contractor against every liability which the contractor may incur to any other person whatsoever and against all claims,

কড ৩৩১৭১০১

demands, proceedings, damages, costs and expense made against or incurred by the contractor by reason of any breach by the subcontractor of the subcontract.

Notwithstanding anything contained in the subcontract, the contractor shall be entitled to deduct from or set off against any money due from him to the subcontractor any sum of or sums which the subcontractor is liable to pay to the contractor under subcontract.

Article 4 Terms for Payment

4.1 The payment shall be calculated according to actual quantities of subcontract works. The unit price shall be the price confirmed by both parties when they sign this subcontract agreement and shall be not affected by any escalation made by local price index variation from time to time as it is based on fixed price from the effective date of the subcontract. Contractor will make statement as per practical measurement for the subcontractor before the 5th day every month.

4.2 The retention money for quality guarantee shall be 10% (ten percent) of the Subcontract Sum. The quality guarantee period shall be three (3) months after the acceptance by the contractor, if no quality problem arises, the remaining money shall be paid as a lump sum to the subcontractor within one month from expiry of the quality guarantee.

Article 5 Settlement of disputes

If any dispute arising during the execution of the agreement, the parties shall settle them amicably. If the dispute cannot be settled amicably, it shall be governed in accordance with Bangladesh Law.

Article 6 Appendix

The appendix shall be treated as a part of this agreement and shall be effective. The appendixes are:

We have audited the accompanying financial statements of **M/S TURN** which comprise Financial Position as at for the ended **30 June, 2018** and the Statement of Comprehensive Income for the year then ended and a summary of significant accounting policies and explanatory notes thereto.

Management's responsibility for the financial statements:

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards (BFRSs), and for such internal control as management determines is necessary to enable the preparation of these financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

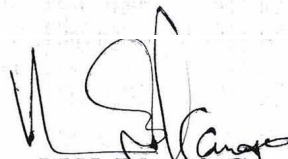

Opinion

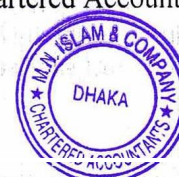

In our opinion, the financial statements prepared in accordance with Bangladesh Financial Reporting Standards (BFRSs), give a true and fair view of the state of the Company's affairs for the year ended **30 June, 2018** the results of its Statement of Comprehensive Income for the year then ended and comply with the Companies Act 1994 and other applicable laws and regulations.
